# HIGHSPIRE WHISKEY

Highspire Whiskey is unlike your traditional whiskey. Swiftly aged in used wine casks to elude overly intense oak flavors, this whiskey showcases the superiority of its grain to make *a new class of whiskey*. The grain is exclusively farmed for Highspire Whiskey.

- ◇ Locally sourced Ryman rye
- ◇ Double copper pot distilled and chill filtered

“ I wanted to make a rye whiskey, but I didn't want to make it the traditional way. I wanted to make it my way. ”

-Austin Hope, Proprietor

Handcrafted using 100% Rye Grain
